RE: Emergency Application

Dear Sir:

Brighton Energy L.L.C. ("Applicant") hereby makes application to the Commissioner of Conservation for the calling of a public hearing after legal notice, to consider evidence relative to the issuance of orders pertaining to the following matters relating to the L Zone, Reservoir A and the Miocene Zone, Reservoir A, in the Roanoke Field, Jefferson Davis Parish, Louisiana.

L ZONE, RESERVOIR A

1. To re-define the L Sand, Reservoir A, as established by Office of Conservation Order No. 124-T, effective August 26, 1997, as being that oil and gas bearing zone from 7,106' to 7,599' (electric log measurements) in the Brighton Energy L.L.C. - Taylor Heirs No.1 (WSN 223949) located in Section 12, Township 9 South, Range 4 West, Jefferson Davis Parish, Louisiana.

2. Except to the extent contrary herein, that all pertinent provisions of Office of Conservation Order No. 124-T remain in full force and effect.

3. To consider such other matters as may be pertinent.

The L Sand, Reservoir A in the Roanoke Field, Jefferson Davis Parish, Louisiana was fully defined in Office of Conservation Order No. 124-T, effective August 26, 1997.

MIOCENE ZONE, RESERVOIR A

1. To establish rules and regulations governing the exploration for and production of oil and gas from the Miocene Zone, Reservoir A, in the Roanoke Field, Jefferson Davis Parish, Louisiana.

3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each tract sharing in unit production on a surface acreage basis of participation.

4. To designate a unit operator and a unit well at the location shown on the attached plat, in exception to the spacing provisions of statewide Order No. 29-E for the unit so created.

5. To provide that any future replacement or alternate unit wells drilled to the Miocene Zone, Reservoir A, should be exempt from the spacing provisions of Statewide Order No. 29-E.

6. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoirs change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.

7. To consider such other matters as may be pertinent.

The Miocene Zone, Reservoir A is hereby defined as being that oil and gas bearing zone encountered between the depths of 6,156 feet and 7,092 feet (electrical log measurements) in the Brighton Energy L.L.C. - Taylor Heirs No.1 (WSN 223949) located in Section 12, Township 9 South, Range 4 West, Jefferson Davis Parish, Louisiana.
